St. Luke's site plan designed in collaboration with the school planning and design firm, Concordia.

St. Luke's Episcopal Day School has instilled a lifelong love of learning in children for over 50 years. To continue this tradition, we have embarked on a 30-year expansion plan to change the way Baton Rouge thinks about quality education. After collaborating with the internationally acclaimed experts in school planning and design at Concordia, St. Luke's has a plan to create a learning environment unlike anything Baton Rouge has ever imagined. We invite you to be an integral part of the education revolution that is taking place!

The mission of St. Luke's Episcopal Day School is to provide for the academic, spiritual, and emotional development of our students. This is accomplished in cooperation with the family and the Church resulting in a lifelong dedication to learning and spiritually guided lives.
